

Studies show most adults would prefer to live out their lives at home instead of the hospital.

We specialize in immediate response to ensure patient safety and family peace of mind.

We are available 24/7 for patient evaluations and to provide family support in any setting.

Serving the Greater Los Angeles Area, San Fernando Valley, Long Beach, Ventura County, Santa Clarita, Palmdale and Lancaster since 2011.

What is hospice?

Hospice is compassionate care for people living with a terminal illness who require routine management of their medical care and access to 24/7 emergency medical support.

Wherever you call home is where our hospice care is provided. So you can live each day with dignity and comfort.

It's about how you live

MAXIMUM CARE HOSPICE will manage your symptoms; fever, pain, anxiety, nausea, vomiting, shortness of breath, constipation, dehydration, reduced food intake, trouble sleeping and any other difficulties which may develop.

When hospitalization is no longer beneficial.

Who pays for hospice?

Most major insurance plans including Medicare, Medi-Cal, HMO, PPO and Medi-Cal have full hospice coverage. This includes coverage for hospice nursing staff, M.D. visits, medical durable equipment, medication, medical supplies and more.

Plan ahead

We help you plan your care, coordinate medical appointments and additional medical services. We provide you with support from our 24/7 on-call nursing team.

We promise to always be there when you call.

Why hospice?

Have Support

Our hospice team will keep you safe and as comfortable as possible and offer support to your loved ones. We will help ensure your medical and end of life wishes are met.
